To create your stamp we work with a family run business who take the utmost pride in their product. The materials are sourced as locally and sustainably as possible. They use craftspeople to create a number of their components including the beautiful turned wooden handles.

We do not use any mass produced items in any part of our stationery, supporting small businesses where we can.

Cost

*The bespoke stamps £75.00
+ £0.90 per wax seal made*

*Example x 50 custom wax seals
