*Our beautiful soft satin ribbon adds that little touch of luxury to your stationery.*

*We have carefully chosen a collection of colours to match the most fashionable of wedding palettes! The gorgeous solid colours become alive with a subtle shine.*

*We stock in several widths:  
3mm, 7mm, 10mm and 15mm*

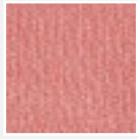

*Use the 3mm and 7mm to bundle your invitations and enclosure cards together. The 10mm and 15mm are perfect for a knotted bundle, which look great tied around a vellum wrap.*

*We use the 15mm ribbon on our 'luxury ribbon tied invitations'. It is double sided, meaning when tied, the inside of the bow is as perfect as the outside.*
