Wax Seals & Stamps

IN HOUSE DESIGNS

Wax seals are a stunning way to add a little luxury to your finished invitations or on the day stationery.

We have carefully chosen a selection of designs and colours to compliment your wedding stationery.

These are made in house, and are usually supplied to you with adhesive backings to stick to your envelopes or stationery.

Most of the seals are approx 2.5cm in diameter, but due to the handmade process, this size may vary. The irregularity of the seals adds to their charm and authenticity.

Number 8 is a mini bolly stamp

BESPOKE DESIGNS

Your bespoke stamp is created using your initials, and will be designed to match your chosen stationery.

The seals are then made using your stamp in house, and are usually supplied to you with adhesive backings to stick to your envelopes or stationery. The finished size is around 2.5cm but may vary due to the handmade nature of stamping wax.

*Cost £50 - £75 per stamp
plus £1.00 per seal made*
